

AZZURRI FUTBOL CLUB

What You Can Expect

When considering Azzurri Futbol Club (“Club”), we think there are some things your family should know: All our teams generally practice at the Wheeler Soccer Complex at Riverfront Park. This allows us to share resources and for coaches to have more access to our Director of Coaching (DOC), Technical Director, and each other. We currently play all home games at Sutter High School. We compete in the NorCal Premier League and have teams from beginning competitive level to Premier.

Your registration and Club fees cover:

- League play registration and player card
- Accident/injury insurance coverage for players and coaches
- Home game referee costs
- Field maintenance costs
- Player training
- Coaches, Coaching education and licensing programs

Teams generally practice 2-3 afternoons/evenings per week. We work hard to place players on teams that are age and skill appropriate. All coaches are licensed, fingerprinted and have had background checks performed.

What it costs:

Club Fees are \$650. Club fees can be paid in full at time of registration or in predetermined installment amounts detailed in the player/parent contract. Costs for uniform kits and practice jerseys total approximately \$100 per player and are not part of the Club Fees. We do not require warm-ups, bags, or other frills not related to play. Teams can individually choose to enter additional tournaments, contract extra fitness training, purchase warm-ups, bags, and fundraise to raise additional funds. We believe each team should determine these things based on their needs.

We offer a financial assistance program for families that might not be able to participate otherwise. Levels of assistance are determined through a financial assistance application process. This assistance is intended to help with the balance of Club dues over and above the mandatory registration fees. Families granted assistance would be required to perform additional volunteer hours.
